2. The ACS/ Principal Secretary/ Secretary Forests, Govt. of concerned States/ UTs

MINUTES OF THE 35th MEETING OF EXECUTIVE COMMITTEE OF THE NATIONAL CAMPA

The 35th meeting of the Executive Committee (EC) of the National CAMPA was held in Krishna Conference Room, Indira Paryavaran Bhawan, New Delhi on 4th July 2025 under the chairmanship of the Director General of Forests & Special Secretary (DGF&SS), MoEF&CC. The list of participants is attached at **Annexure I**.

PART A: GENERAL DISCUSSION AND DIRECTIONS

1. The Chief Executive Officer (CEO), National CAMPA welcomed the Chairman, members of the Executive Committee and other officers present in the meeting.
2. The Director General of Forests & Special Secretary (DGF&SS) and the Chairman of the Executive Committee welcomed the members and other officers present in the meeting.
3. The CEO informed that based on the decision taken in 34th meeting of Executive Committee, approval orders of Annual Plan of Operation of Andaman & Nicobar, Andhra Pradesh, Chandigarh, Chhattisgarh, Goa, Himachal Pradesh, Jammu & Kashmir, Karnataka, Kerala, Madhya Pradesh, Manipur, Mizoram, Odisha, Punjab, Rajasthan, Sikkim, Tamil Nadu, Uttarakhand and West Bengal for the financial year 2025-26 have been communicated to the concerned States/UTs.
4. The CEO, National Authority informed the Executive Committee that the majority of States and Union Territories are currently convening their Executive Committee and Steering Committee meetings only once a year, primarily to approve the Annual Plan of Operations (APO). He also informed that among all States/UTs only Assam, Chandigarh, Chhattisgarh, Himachal Pradesh, Madhya Pradesh, Mizoram, Punjab, Sikkim, Tripura, Uttar Pradesh, Uttarakhand had conducted only one of the meeting Governing Body. The DGF&SS directed all the States and Union Territories to ensure that meetings of the Governing Body, Executive Committee, and Steering Committee are conducted in accordance with the CAF Act, 2016. He further emphasized that this matter should be placed before the Governing Body of the National Authority for their consideration.
5. During the meeting, the CEO, National Authority apprised the Executive Committee that States, while submitting the Annual Plan of Operation (APO), are not furnishing the requisite information including: (i) KML files of the proposed sites for activities under Section 6(a) of the CAF Act, 2016 and under the NPV head as per Rules 5(2) and 5(3) of the CAF Rules, 2018; (ii) certificate in case of change in site location; (iii) confirmation of budgetary figures; and (iv) the five-year perspective plan for utilization of NPV, interest funds and (v) third party monitoring report as per guidelines issued by National Authority.
6. The CEO, National Authority informed the committee that the National Authority has circulated the guidelines for NPV and Interest funds. Despite several reminders, the five-year perspective plan for NPV and Interest funds utilisation are yet to be received

from many States/UTs. Accordingly, all concerned States/UTs were directed to submit the required plans and details at the earliest.

7. The Executive Committee observed that in the Annual Plan of Operations (for FY 2025-26), the proposed funds under the Interest and NPV heads was significantly higher in comparison to the funds proposed for the mandatory activities under Section 6(a) of the CAF Act, 2016. The DGF&SS directed that total proposed expenditure under the NPV and Interest heads should not exceed the allocation proposed for the Mandatory Activities.
8. During the meeting, the CEO, National Authority apprised the Executive Committee that, in some States/UTs, the funds released by the State Governments and the funds utilised by the Forest Departments are comparatively lower than the funds approved by the National Authority. The DGF&SS directed that the all the States/UTs to ensure release of funds by State Governments in tune with the funds approved by the National Authority. He also directed to place this issue before the Governing Body of the National Authority.
9. The Executive Committee highlighted that in the APOs, some States had proposed allocations for village relocation and digitization of boundaries exceeding the prescribed limit of 25% of the NPV component, which may adversely impact the implementation of other activities in future. In the 22nd and 29th meetings of the Executive Committee of the National Authority, it was decided that not more than 20% of the Net Present Value (NPV) funds available with the State shall be expended annually. However, an exception is permitted in the case of special programmes or projects, where the expenditure may extend up to 25% of the NPV funds. The Executive Committee further reiterated that the 20% annual expenditure ceiling on NPV funds shall continue to be applicable, with an additional allowance of up to 5% specifically for activities related to boundary demarcation/consolidation and voluntary relocation of villages from Protected Areas (PAs). Accordingly, CAMPA funds may be utilised by adhering to the prescribed limit of 25% under NPV, in accordance with the guidelines issued by the National Authority vide letter No. NA-5/1/2020-NA dated 22nd July 2024. Furthermore, it was decided that the respective State Government shall make concerted efforts towards convergence and dovetailing of State funds to provide adequate benefits to relocated families. This approach is expected to facilitate and encourage the other families residing within Protected Areas for relocation.
10. The CEO, National Authority informed the Executive Committee that the area proposed for preparatory/ advance soil works under Compensatory Afforestation during the year 2025–26 was significantly lower in some States and disproportionately higher in others. The DGF&SS directed that States/UTs should propose only achievable and realistic physical targets. He further advised that a separate review meeting may be convened to address this issue. It was also emphasized that project wise CA and other mandatory activities needs to be monitored by CEO, State CAMPA as well as DDGF, Regional Offices.
11. The DGF&SS directed that policy workshops be conducted in other States/UTs, wherein half-day sessions may be dedicated to sharing good practices/success stories under States/UTs, CAMPA and the remaining half day towards policy discussions. The

outcomes of these workshops may be developed into policy recommendations and disseminated through National CAMPA.

AGENDA ITEM NO. 1

AGENDA ITEM NO. 1: CONFIRMATION OF MINUTES OF 34th MEETING OF EXECUTIVE COMMITTEE OF NATIONAL AUTHORITY

The Chief Executive Officer, National Authority informed that no comments/ suggestions have been received from any member or the State/UT on the Minutes of the 34th meeting of Executive Committee of National Authority circulated vide OM of even No. dated 9th May, 2025. The Chairperson after taking views of the members confirmed the minutes of 34th meeting.

AGENDA ITEM NO. 2

AGENDA ITEM NO. 2: ACTION TAKEN ON 34th MEETING OF THE EXECUTIVE COMMITTEE OF THE NATIONAL AUTHORITY

The CEO, National CAMPA presented the action taken report on the decision of the 34th Executive Committee meeting before the EC. The CEO informed that based on the decision taken in 34th meeting of Executive Committee, the approvals of APOs of States & UTs CAMPA have been communicated to the concerned States/ UTs.

Decision of the Executive Committee: The Executive Committee noted Action Taken on 34th meeting of EC.

PART B: APPROVALS OF STATES ANNUAL PLAN OF OPERATIONS FOR FY 2025-26

Not Applicable			

10. Details of APO are as under:

(Amount in Rs. Crore and Area in Ha)

(Amount in Rs. Crore and Area in Ha)				
CAF Act/ Rules	Activity	Proposed Outlay		Decision of EC
		Physical Target	Financial Target	
Activities as per Rule 5(2) of CAF Rules, 2018				

CAF Act/ Rules	Activity	Proposed Outlay		Decision of EC
		Physical Target	Financial Target	
Assisted Natural Regeneration-5(2)(a)	1. Protection of juniper (chain link fencing)	38270 rft.	1.76	Approved
	2. Development of SOP for raising of Junipers in nurseries	LS	0.20	Approved
	Spillover from APO 2024-25	-	0.63	Approved
Artificial Regeneration-5(2)(b)	1. Plantation of Willow	267450 Nos.	1.59	Approved
	2. Plantation of Sea buckthorn	42500 Nos.	0.06	Approved
	3. Other tree plantation	100 Nos.	0.005	Approved
	3. Raising/ Maintenance of nurseries	9 locations	1.74	Approved
	4. Construction of irrigation network like khul etc.	16028 cum.	1.05	Approved
	5. Drip Irrigation	01 set	0.10	Approved
	6. Fencing of plantations	105269 rft.	4.55	Approved
	7. Iron gates and Sign Boards	02 sets	0.17	Approved
	8. Bush Clearance	2229.6 sq. m.	0.40	Approved
	9. Headload carriage	115 trips	0.19	Approved
	10. Bore/ pumps/ fixing of pipes	12 set	3.21	Approved
	11. Storage Tank	02 No.	0.10	Approved
	12. Culvert	01 No.	0.20	Approved
	13. BUC (Beating up of casualties)	44957 Nos.	0.14	Approved
	14. Watch and Ward	7140 man days	0.32	Approved
	Spillover from APO 2024-25	-	3.29	Approved
Silvicultural operation-5(2)(c)	1. Pruning/ removal of dry/ diseases/ infected trees	LS	0.06	Approved
Protection of Forest and Plantation-5(2)(d)	1. Mobility charges (including fuel, repairing and maintenance)	LS	0.43	Approved
	2. Protection of plants (fencing)	126125 rft.	5.55	Approved
	3. Protection of plants (Iron gate, Sign board, water stoppage iron gate, iron pipe)	Iron gate: 3 Sign Board: 5 Water stoppage iron gate: 2 Iron pipe: 1	0.02	Approved
	4. Headload carriage	47 trips	0.07	Approved
	5. Irrigation network like khul, channel	LS	0.22	Approved

CAF Act/ Rules	Activity	Proposed Outlay		Decision of EC
		Physical Target	Financial Target	
	6. Protective gear and uniform for frontline staff of the Department	4 divisions	0.40	Approved
	7. Purchase and installation of CCTV camera at critical points of PAs.	10 nos.	0.30	Approved
	8. Construction of Shed Storage for seized items.	01 No.	0.05	Approved
	9. Purchase of Vehicle	01 No.	0.22	Approved
	Spillover from APO 2024-25	-	2.29	Approved
Pest and Disease control in forest- 5(2)(e)	1. Purchase of Bio-pesticide, botanical pesticide, disease control equipment like power spray, solar battery operative light trap.	LS	0.12	Approved
	2. Wages for working labour for field sanitation, digging of trenches, collection of insect, spray etc.	LS	0.03	Approved
	3. Awareness Program	LS	0.02	Approved
Forest fire preventions and control operations- 5(2)(f)	1. Creation of new fire lines with 3-meter width	51000 sq. m.	0.31	Approved
Soil and moisture conservation works in the forest- 5(2)(g)	1. SMC Works: Construction of Khuls, water reservoirs, crate bunds & digging of trenches	LS	4.44	Approved
	2. Construction of water channel to feed water in drying Ja Tso (Lake).	1 location	0.10	Approved
	Spillover from APO 2024-25	-	0.38	Approved
Improvement of wildlife habitat- 5(2)(i)	1. Provision of fladry type deterrents with solar fencing	02 units	0.10	Approved
	2. Provision of deterrents in conflict prone areas (light & sound based)	LS	0.10	Approved
	3. Purchase of solar sound & night vision based CCTV for surveillance	50 Nos.	0.10	Approved
	4. Purchase of bear proof dustbins with Hooks	20 Nos.	0.10	Approved
	5. Construction of water holes (with solar panels, motor & borewell)	02 Nos.	1.00	Approved
	6. Preventive Units (Iron doors, iron grills/plastic window panes)	200 Nos.	0.48	Approved
	7. Provision of utensils at community level for community programmes to reduce disposable wastes	10 villages	0.10	Not Approved

CAF Act/ Rules	Activity	Proposed Outlay		Decision of EC
		Physical Target	Financial Target	
	8. Development of Pasture land	20 Ha.	0.80	Approved
	9. Purchase and installation of ecofriendly toilets/ Zero discharge bio-toilets	04 Nos.	1.00	Deferred for want of details
	10. Purchase of Bio-digester machine	02 Nos.	0.50	Approved
	11. Management of free ranging dogs	LS	1.00	Approved
	12. Construction of Animal Underpass	01 No.	2.00	Approved
	Spillover from APO 2024-25	-	0.48	Approved
Establishment of maintenance of animal's rescue centre and veterinary treatment facilities for wild animals-5(2)(k)	1. Establishment of Vet Treatment Centre	LS	2.00	Approved Subject to compliance/approval of CZA guidelines
	2. Engagement of Vets	01 No.	0.08	Approved Subject to compliance/approval of CZA guidelines
	3. Engagement of Animal Handlers	10 Nos.	0.29	Approved Subject to compliance/approval of CZA guidelines
	4. Purchase of medicines, feeds, surgical items.	LS	0.28	Approved
	5. Purchase and installation of Incinerator for disposing of carcasses	02 No.	0.70	Deferred for want of details
	6. Purchase of pre-engineered transit rescue centre	01 No.	0.50	Deferred for want of details
	7. Hiring of Drivers for Ambulances	04 Nos.	0.12	Approved
	8. Purchase of tranquilizing gun	02 Nos.	0.10	Approved
	Spillover from APO 2024-25-	-	0.49	Approved
Supply of wood saving, cooking and other forest produce saving devices-5(2)(l)	1. Procurement of Solar Water Heaters	140 Nos.	0.49	Approved
Management of biological diversity and biological resource-5(2)(m)	1. Purchase of Chain-link fencing for protection of crop fields	4,47,000 rfts	20.13	Approved keeping in view the local site conditions of Ladakh
	2. Provisions of chain link fence and concertina for corral proofing	80 Nos.	1.00	Approved keeping in view the local site conditions of Ladakh

CAF Act/ Rules	Activity	Proposed Outlay		Decision of EC
		Physical Target	Financial Target	
	3. Construction of predator proof corral pens (solid structure)	02 Nos.	0.40	Approved
	4. Purchase of predator proof corral pens	250 units	7.50	Approved
	5. Construction of Bear proof Corral pens	03 Nos.	0.90	Approved
	6. Purchase of camera traps	50 Nos.	0.25	Approved
	7. Purchase and installation of Solar LED Wildlife lights (motion based sensor)	100 Nos.	0.30	Approved
	8. Research on Biological Diversity	LS	0.05	Not Approved
	9. Procurement of hoardings and signboards & hike sign to spread awareness	LS	0.50	Approved only for eco-friendly signages
	10. Purchase & installation of solar LED lights (flame type)	100 Nos.	0.04	Not Approved
	11. Preparation of People's Biodiversity Registers in 89 BMCs of Ladakh	89	0.89	Approved. Subject to Ladakh's Biodiversity Management Committee approval. Details will be submitted by LFD by 15.09.2025
	12. Survey & declaration of Sapi and Penzila as MPCDAs/BHSs	2 sites	0.15	Deferred for want of details. Details will be submitted by LFD by 15.09.2025
	Spillover from APO 2024-25	-	0.92	Approved
Establishment, up-gradation and maintenance of modern nurseries and other planting stock production facilities for production of quality planting materials- 5(3)(a)	1. Formation of nursery	2 locations	0.01	Approved
	2. Raising and maintenance of nursery	6 Locations	0.40	Approved
	3. Construction of polycarbonate green house	02 Nos.	0.45	Approved
	4. Installation of solar modules for existing borewells of polyhouses	01 No.	0.04	Approved
	5. Installation of electric transformer with HTI line	01 No.	0.71	Not Approved
	6. Drilling of dual submersible pump borewell	01 No.	0.12	Approved
	Spillover from APO 2024-25	-	0.06	Approved

CAF Act/ Rules	Activity	Proposed Outlay		Decision of EC
		Physical Target	Financial Target	
Purchase and maintenance of equipment or devices used for communication and information technology for the purpose of protection of forest and wildlife- 5(3)(c)	1. Purchase of GPS, AI Binoculars, DGPS, power banks, scanners, printers, portable power station, camera with zoom lens, computers, plotters, public announcement system & other IT equipment.	-	1.15	Approved Subject to furnishing details of equipment-wise breakup of physical and financial targets
	2. Installation of solar home lighting	-	0.06	Not Approved
	Spillover from APO 2024-25	-	0.01	Approved
Construction, up-gradation and maintenance of inspection paths, forest roads in forest area, firelines, watch towers, check posts and timber depots – 5(3)(d)	1. Construction/ installation of pre-fabricated huts	6 Nos.	0.90	Approved
	2. Construction of check posts, barriers and other related items.	01 Nos.	1.00	Deferred for want of detailed estimates
	3. Upgradation of forest check post	01 site	0.10	Approved
	Spillover from APO 2024-25	-	1.60	Approved
Construction of residential and official buildings in forests for front line staffs deployed for protection of forest and wildlife- 5(3)(e)	1. Construction of store at Kurbathang	01 No.	0.10	Not Approved
	2. Interlocking tiles in Range Office Compound at Nyoma	LS	0.05	Approved
	3. Purchase of Furnishing and furniture at various offices	LS	0.14	Approved
	4. Purchase of Portable Cabin	02 units	0.40	Approved
	5. Purchase of winter friendly portable toilet	01 unit	0.05	Approved
	6. Construction of Guard Hut at Khaltsi	01 No.	0.60	Approved. Subject to furnishing approval by Competent engineering Authority
	Spillover from APO 2024-25	-	0.32	Approved
Casual engagement of local people or labours to assist regular staff of State Forest Department for works for protection of forest and	1. W&W for protection of CAMPA closure	2 labours for 8 months at 16 locations	0.35	Approved
	2. Engagement of wildlife informers/ stewards and trackers for Kargil Wildlife Division	25 Nos.	0.22	Approved
	3. Engagement of Wildlife Steward for protection of State Bird, Black necked crane for 7 months	50 Nos.	0.52	Deferred for want of details

Sr. No.	CAF Act/ rules	Activity	Proposed outlay		Decision of EC
		Eco-Tourism/Eco-Development (Establishment of interpretation centres/ visitor centres, Organizing medical Camps to fringe villages etc.,)	Maint., of existing cottages and paths etc.	1.40	Deferred For want of details
2	Activity as per Rule 5(2) of CAF Rules, 2018				
	5(2)(g)	Soil and moisture conservation works			
		Check dams	23 Nos	1.25	Approved
		RFDs	31 Nos	0.07	Approved
		PTs/MPTs	115 Nos	0.83	Approved
		CCT/CPTs	45140 Rmt	0.49	Approved
		P. Trenches	2003 Rmt	0.10	Approved
		Maintenance works		0.58	Approved
	5(2)(i)	Improvement of wildlife habitat			
		i. Habitat management for flora and Fauna pertaining to a. Food b. Cover c. Water management d. Weed removal	i. Removal of weed growth:264 ha, ii. Salt licks & mineral blocks:792 Nos, iii. Nature camps:103Nos, iv. Fodder plot:25 Ha, v. Roads & path ways:15 km, Boundary billars:96 Nos & vi.maint., of existing habitat works	4.35	Approved. Subject to furnishing activity wise physical and financial targets including Geo coordinates.
		water resource management	MPTs/PTs:22 Nos, Saucerpits:60 Nos, Waterholes:322Nos, RFDs:9Nos & Maint., of Saucerpits:696Nos etc.,	2.51	Approved subject to furnishing activity wise financial targets & geo coordinates

Sr. No.	CAF Act/ rules	Activity	Proposed outlay		Decision of EC
		ii. Human wildlife conflict management	Compensation to human & cattle loss:2.32 Cr, Rescue operations:0.46Cr, Trap cages:0.20Cr, Awareness to handling tranquiliser guns:0.18 Cr, Elephant drive:0.50 Cr & Maint., of above works:0.40 Cr	4.06	Approved
		a. Patrolling	Anti-poaching squad:16Nos, River parties:4Nos, Anti-poaching and Wildlife Crime control operations etc.,	3.39	Approved
		c. Eco-development work in surrounding village to reduce conflict	Maint., Solar RO plants, Awareness, Solar Street lights etc.,	0.87	Deferred for want of details
		Wildlife Extension and Education (Maint., of EEC, study tours, nature camps etc.,)	Publicity & Trainings:0.65Cr, Maint., of EECs	1.16	Approved
		Data Collection (Inventory of flora & fauna, camera traps etc.,)	GPS enabled camera traps 315nos and flora data collection	1.57	Approved
		iii. Protection activities (Development and Maintenance of Wildlife Prominence Areas)	Construction of Kraals, Periodical estimation, Protecting bird nesting, Spl. area development 6nos:0.70Cr and Maint., of works	3.45	Approved

Sr. No.	CAF Act/ rules	Activity	Proposed outlay		Decision of EC
	5(2)(j)	Planting and rejuvenation of forest cover on non-forestland falling in Wildlife corridors	-	0.24	Approved
	5(2)(k)	Establishment, maintenance of animal rescue centre and veterinary treatment facilities for wild animals	Rescue operations:0.42Cr, Veterinary Treatment:3.64Cr.	4.06	Approved. Subject to furnishing details of rescue centres established by using CAMPA Fund
	5(2)(m)	Management of biological diversity and biological resource.	Nursery, Vegetative propagation, research plots in 2 research stations.	1.23	Approved for Rs. 1.00 crore only for nursery & vegetative propagation
3	Activity as per Rule 5(3) of CAF Rules, 2018				
	5 (3) (b)	Promoting conservation, sustainable use and documentation of biological diversity including preservation of habitats, conservation of land and folk varieties and cultivars, domesticated stocks and breeds of animals and microorganisms and chronicling of knowledge relating to biological diversity			
		ii. Documentation	-	0.23	Approved
	5 (3) (c)	Purchase and maintenance of equipment or devices used for communication and information technology for the purpose of protection of forest and wildlife			
		Procurement of software & equipment/ devises	Procurement of Desktops & Laptops:92nos, Printers:50nos, Hand held GPS:12nos, Development of MIS CAMPA modules, FCA modules and digitalisation of forest blocks etc.,	2.46	Approved

Sr. No.	CAF Act/ rules	Activity	Proposed outlay		Decision of EC
		Maint., of software & equipment/ devises	Maint., of Computers, Printers, Networking & Internet etc.,	0.93	Approved
	5 (3) (d)	Construction, up-gradation and maintenance of inspection paths, forest roads in forest area, fire lines, watch towers, check posts and timber depots			
		i. Details of roads	23 Nos	0.78	Deferred for want of details including geo-coordinates
		ii. Watch towers	2 Nos	0.16	Approved
		iii. Check posts	47 Nos	0.46	Approved
		iv. Timber depot	4 Nos	0.06	Approved
	5 (3) (e)	Construction of residential and official buildings			
		Residential quarters	1 new & 57 Maint.,	1.21	Approved
		Official buildings	1 new & 51 Maint.,	1.64	Approved
		Camping facilities	61 Maint.,	1.08	Approved
	5 (3) (g)	Survey and mapping for APO monitoring	Survey and mapping of CA areas	1.19	Approved
	5 (3) (i)	Publicity-cum-awareness programme	Awareness programmes in 220 Ranges & Divisions	1.88	Approved for Rs. 1.00 crore
4	Activities as per Rule 6(a) of CAF Rules, 2018				
	6 (a) (v)	For disbursement of sitting fees and allowances to nominated members of the State Authority	Sitting fee and allowances for any other work assigned to the nominated members	1.00	Approved
	6 (a) (vi)	Activities referred to in sub rule 2 and 3 of rule 5 of CAF, Rules 2018 i.e., Publicity/ Awareness/ Exhibitions / Contractual services etc.,	Publicity & Awareness:1.00 Cr, Contractual services:3.00 Cr.	4.00	Approved for Rs. 3.00 cr. only for contractual services
5	Activities as per Rule 6(b) of CAF Rules, 2018				

Sr. No.	CAF Act/ rules	Activity	Proposed outlay		Decision of EC
	6(b)(ii)	Office equipment including computers and peripheral and its maintenance	Administrative Expenses	1.00	Approved
	6(b)(v)	Other contingencies for management of State Authority	Monitoring and Evaluation expenditure like Third Party Monitoring and CA audits of State CAMPA	1.50	Approved
		Total Approved		Rs. 46.03 Crore	

Decision of Executive Committee: The EC approved the Annual Plan of Operation of **Rs. 46.03 Crore** for FY 2025-26.

B: PENDING LIABILITY PERTAINING TO APO (2024-25)

Himachal Pradesh State CAMPA vide letter no. FT. CAMPA/2021/National Authority/VoI-V dated 20th May, 2025 has apprised that during the financial year 2024-25, the National Authority had approved the Annual Plan of Operation (APO) amounting to **Rs. 184.52 crore** for the State of Himachal Pradesh. Against this approved APO, the Government of Himachal Pradesh released an amount of **Rs. 126.00 crore** for execution of CAMPA activities. Field units executed CAMPA works amounting to **Rs. 110.08 crore** during FY 2024-25. However, treasury bills to the extent of only **Rs. 105.56 crore** were passed/approved. The remaining amount of **Rs. 4.52 crore**, for which bills were submitted to the Treasury, could not be passed due to administrative reasons at the Treasury/Government level. Consequently, a liability of **Rs. 4.52 crore** has been created as on 31st March 2025. The break-up of the liability is as follows:

(Rs. in crore)

S. No.	Name of Head	Amount of liability for the year 2024-25	Decision of EC
1	CA	0.05	Approved
2	CAT	2.43	Approved
3	IWMP	1.50	Approved
4	NPV	0.54	Approved
	Total Approved		Rs. 4.52 crore

Since the works were undertaken as part of the approved APO for FY 2024–25, and the liability has arisen solely due to procedural delays, approval of EC is solicited to clear the pending liability of **Rs. 4.52 crore** from the current year's available CAMPA funds.

Decision of Executive Committee: The EC approved the Annual Plan of Operation of **Rs. 111.09 Crore** for FY 2025-26.

Programme Division	Wildlife Division, MoEF&CC						
Objectives of Project:							

PART A: Riverine Dolphins

The Objective for the study aligned with the Conservation Plan for River Dolphin in India are outline as follows:

- a. Capacity building of Rescue and rehabilitation of Ganges River dolphin.
- b. Promote technological intervention and promote fishermen/citizen community networks to reduce net entanglement and mortality.
- c. Assessing the impact of the river infrastructure and suggesting mitigation measures.
- d. Addressing ecological knowledge gaps to inform management actions.
- e. Securing health of Aquatic ecosystem.
- f. Sensitization of communities and general citizens for Ganges River dolphin conservation.

PART B: Marine Dolphins

The Objective for the study aligned with the Conservation Plan for Marine Dolphin in India are outline as follows:

Research:

- a. Monitor marine dolphins and other marine mammal population across Indian coast with combination of classic and modern approaches (Action Plan Goal no. 1 &3)
- b. Identification and mapping of critical dolphin habitats and movement pathways in India (Action Plan Goal no. 2).
- c. Threat Characterization and development of Mitigation strategies (Action Plan Goal no. 1 &2).

Outreach and Capacity Building:

- i. Creating awareness about Dolphins, their habitat and ecological role (Action Plan Goal no. 4).
- ii. Capacity building of State Forest Departments & local communities (Action Plan Goal no. 5)

Outcomes & Deliverables

PART A: Riverine Dolphins

Based on the stated objectives, the following expected outcomes can be anticipated from the proposed project:

Objective 1: Capacity building of Rescue and rehabilitation of Ganges River dolphin (Action points 1.3, 1.6).

- i. Standardized rescue and rehabilitation protocols based on global best practices.
- ii. Strengthened partnerships with cetacean conservation organizations.
- iii. Improved dolphin rescue and rehabilitation capacity through joint field exercises.
- iv. Enhanced skills of forest officials, veterinarians, and fishery officials in dolphin conservation techniques.
- v. Improved collaboration between local authorities and experts.
- vi. Sustainable dolphin conservation efforts through trained personnel.
- vii. Increased community involvement in detecting and reporting stranded or injured dolphins.
- viii. Strengthened community ownership of conservation actions.
- ix. Widespread awareness of the importance of Ganges River Dolphin conservation.

Objective 2: Promote technological intervention and promote fishermen/citizen community networks to reduce net entanglement and mortality. (Actions 1.4, 1.7, 3.3, 3.5).

- i. Verification of Pinger Neutrality on Fish Catch.

ii. Promotion of Pinger Use. iii. Establishment of Exclusion Zones to Reduce Dolphin Strandings. iv. Increased Awareness and Positive Attitudes Among Fishers. v. Encouraging Fisher Participation in Conservation Initiatives. vi. Strengthened Collaboration Between Communities and Conservationists.
Objective 3: Assessing the impact of the river infrastructure and suggesting mitigation measures (Actions 2.1, 2.4, 4.4). i. Robust Evidence Base on Noise and Sediment Impacts. ii. Reduction in Underwater Noise Pollution. • Lower ambient noise levels. • Mitigation of noise impacts on dolphin communication and echolocation iii. Protection of Dolphin Habitats During Construction Activities • Maintenance of habitat quality iv. Improved Dolphin Health and Behavior • Decreased stress levels • Preservation of natural behaviors v. Protection of Other Aquatic Fauna. • Improved condition for other aquatic mammals and fish • Enhanced reproductive success.
Objective 4: Addressing ecological knowledge gaps to inform management actions (Actions 5.1, 5.2, 5.3) i. Identification of Critical Habitats and Conservation Strategies. ii. Comprehensive Ecological Data on Ganges River Dolphins. iii. Prey Resource Assessment and Ecosystem Role. iv. Expanded Knowledge of Associated Aquatic Fauna and Flora. v. Identification of Ecological Indicators for Ecosystem Health. vi. Baseline Data on Environmental Parameters. vii. Recommendations for Managing Anthropogenic Impacts. viii. Evidence-Based Strategies for Habitat Restoration.
Objective 5: Securing health of Aquatic ecosystem (Action 4.1) i. Improved Water Quality Assessments and Pollution Control. ii. Identification of Emerging Contaminant Hotspots. iii. Enhanced Knowledge of Wildlife and Human Health Risk. iv. Early Detection of Zoonotic Diseases v. Reduction in Plastic Pollution Levels. vi. Strengthened Community Involvement in Conservation.
Objective 6: Sensitization of communities and general citizens for Ganges River dolphin conservation (Action 1.6, 2.2, 2.4, 3.3, 3.4, 4.1, 4.2). i. Capacity building and handholding of Forest Department. ii. Formation and Training of Demographically Categorized Volunteer Groups. iii. Enhanced Outreach through Documentaries, Photographs, and Digital Content. iv. Leveraging Social Media for Conservation Awareness Cultivation of a Sense of Stewardship Among Stakeholders.
PART B: Marine Dolphins
Based on the stated objectives, the following expected outcomes can be anticipated from the proposed project:

Research Outcomes

- i. Mapping of distribution and hotspots for different dolphin species.
- ii. Country's first mapping of marine dolphin movement pathways.
- iii. Mapping and characterization of threats for dolphins and other cetaceans.
- iv. Understanding movement pathways and critical habitats of dolphins across Indian coast.
- v. Genetic assessment to understand various populations and health status of dolphins
- vi. Development of Threat mitigation strategies.

Outreach and Capacity Building:

- i. A well-engaged network of local “dolphin champions” and stakeholders, resulting in increased reporting of dolphin sightings, strandings, or bycatch incidents through citizen science platforms.
- ii. Regular community events that build trust, facilitate knowledge sharing, and create a sense of stewardship among local residents.
- iii. Enhanced partnerships with local NGOs, government agencies, and community groups, resulting in a coordinated approach to marine conservation.
- iv. Greater capacity among local communities to manage and mitigate conservation challenges independently.
- v. creation of collaborative learning networks or regional centers for marine conservation, facilitating periodic training and knowledge exchanges.
- vi. Development of local champions who can lead future conservation initiatives and serve as sustainable resources in their communities.

Decision of Executive Committee: The Executive Committee made the following observations

1. The budget estimate proposed under the project needs to be appropriately justified, particularly with respect to the rationalization of cost and deployment of manpower.
2. In alignment with the vision of the National Board for Wildlife (NBWL) to promote Dolphin conservation awareness, the project may consider establishing a dedicated Dolphin Conservation and Awareness Centre. This centre may also function as a hub for dolphin-based ecotourism activities.
3. The number of MoUs signed with State Governments for dolphin monitoring and conservation needs to be clearly indicated. It should be specifically clarified whether the Wildlife Institute of India (WII) is in coordination with the State of Uttar Pradesh, which has the highest dolphin population, and whether any MoU has been signed with the state.
4. Following the collection of baseline data, WII should proactively engage with individual dolphin range States for focused implementation of dolphin conservation actions under the project.
5. With regard to the marine Dolphin component, the transportation and logistics arrangements for conducting field surveys should be detailed. Information on MoUs signed for the procurement or availability of vehicles for marine dolphin survey operations should be clearly presented in the proposal.
6. The project should emphasize the importance of Dolphin conservation, including the establishment of extension centres in regions where dolphin presence has been recorded. These centres should aim to engage and involve local communities in conservation efforts.

7. The proposal must incorporate baseline data on the current population status of Dolphins across different habitats. It should also identify research gaps and outline a systematic survey and monitoring framework to be conducted at three-year intervals, which is presently missing in the proposal.

In view of the above observations, the Executive Committee has directed Programme Division to revise the proposal and resubmit it in compliance with the guidelines issued by National Authority vide letter no. NA-13/13/2022-NA dated 27th June 2025.

Programme Division	Wildlife Division, MoEF&CC								
Objectives: a) To assess and monitor the population dynamics of Gharials. b) To conserve and restore critical Gharial habitats. c) To implement threat mitigation strategies. d) To foster community engagement and environmental education by involving local communities in conservation activities. e) To support research and capacity building by advancing scientific studies on Gharial ecology, genetics, and interspecies dynamics.									
Outcomes: a) Improved understanding of Gharial populations through better data on size class and distribution. b) Restoration of critical habitats via ecological flow regimes and hydrologic regulation. c) Reduction in anthropogenic threats including habitat degradation, pollution, and exploitation. d) Increased community awareness and support through education and sustainable livelihoods. e) Strengthened institutional capacity for effective, region-specific Gharial management. f) Enhanced genetic diversity through creation of river corridors connecting isolated populations. g) Coordinated conservation <i>via</i>, establishment of a multi-stakeholder Gharial Task Force. h) Informed management driven by ecological, behavioral, and genetic research integration.									
Deliverables: a) Ecological flow regimes documented and implemented for key regulated rivers. b) Sustainable fishing toolkit and gear distributed to the local fishing communities. c) Pollution mitigation strategies developed to address agro-chemical and industrial sources. d) Protected area management plans enhanced with anti-poaching and habitat restoration. e) River connectivity strategy and corridor map created to facilitate gene flow. f) Community engagement models implemented with participatory monitoring and livelihoods. g) Bilateral conservation framework established between India and Nepal for Gharials. h) Gharial Conservation Task Force constituted under MoEF&CC with defined roles. i) Scientific research outputs produced on population, competition, genetics, and movement. j) Annual monitoring reports generated to track conservation progress and adapt strategies.									

Decision of Executive Committee: The Executive Committee made the following observations

1. The project proposal lacks adequate baseline information, which is essential for formulating and justifying the proposed interventions. The absence of such foundational data limits the scientific and conservation value of the project.
2. The proposal does not clearly outline objectives related to advanced telemetry-based research studies on Gharials, which are critical for understanding movement ecology, habitat use, and conservation planning for the species.

In view of the above observations, the Executive Committee has directed Programme Division to revise the proposal and resubmit it in compliance with the guidelines issued by National Authority vide letter no. NA-13/13/2022-NA dated 27th June 2025.

AGENDA ITEM NO. 17.3 CONSERVATION AND MANAGEMENT OF SLOTH BEAR IN INDIA

Name of Scheme	Conservation and Management of Sloth Bear in India- A Landscape based initiative																																																														
Implementing Agency	Wildlife Institute of India, Dehradun																																																														
Project Duration/Period	Five Years

Total					Rs. 113.70 crore

Programme Division

Wildlife Division, MoEF&CC

Objectives of the Project

- To establish a robust system for monitoring sloth bear population status and distribution across their range states.

- To develop and implement effective strategies for managing and reducing human-bear negative interaction in interface prone areas.
- To identify and restore degraded sloth bear habitats and maintain habitat/ corridor connectivity through ecological restoration efforts.
- To enhance the capacity of stakeholders for effective sloth bear conservation and conflict management.
- To promote community engagement and awareness for fostering coexistence between humans and sloth bears.

Key strategies of the project

- Strengthening habitat connectivity and reducing anthropogenic pressures.
- Establishing early warning and rapid response mechanisms to mitigate conflicts.
- Enhancing local community participation, awareness, and capacity building.
- Integrating sloth bear conservation into broader wildlife and land-use policies.
- Research and monitoring that will be used for future applied research.

Decision of Executive Committee: The Executive Committee made the following observations

1. The project proposal lacks adequate baseline information, which is essential for formulating and justifying the proposed interventions. The absence of such foundational data limits the scientific and conservation value of the project.
2. The proposal must incorporate the research gaps and outline a systematic survey and monitoring framework to be conducted, which is presently missing in the proposal.

The Executive Committee has recommended Part A (**Rs. 13.67 crore**) of the scheme for Scientific Research & Monitoring by Implementing Agency with a condition that the Programme Division should ensure the compliance of the guidelines issued by National Authority vide letter no. NA-13/13/2022-NA dated 27th June 2025.

AGENDA ITEM NO. 17.4 IDENTIFYING EFFECTIVE WILDLIFE MANAGEMENT INTERVENTIONS FOR REPLICATION

Name of Scheme	Identifying effective wildlife management interventions for replication			
Implementing Agency	Wildlife Institute of India, Dehradun			
Project Duration/Period	15 months			
Project Outlay	Rs. 1.70 crore			
	Head	Year I	Year II	Total
	Manpower (one Project Scientist & four Project Fellows)	36,00,000.00	9,00,000.00	45,00,000.00
	Travel	25,00,000.00	5,00,000.00	30,00,000.00
	Stakeholder consultations	25,00,000.00	5,00,000.00	30,00,000.00
	Data compilation & report prep.	15,00,000.00	5,00,000.00	20,00,000.00
	Video documentation	30,00,000.00	----	30,00,000.00
	Misc. expenses	10,00,000.00	5,00,000.00	15,00,000.00
	TOTAL	1,41,00,000.00	29,00,000.00	1,70,00,000.00
Programme Division	Wildlife Division, MoEF&CC			
Objectives of the Project				
1. Document and analyze past successful wildlife management interventions across India.				
2. Identify key replicable elements from these models — legal, ecological, social, and financial.				
3. Develop a replication framework to scale up interventions across priority landscapes.				
4. Engage stakeholders to ensure integrated conservation and development outcomes.				
5. Video documentation of successful wildlife management interventions for knowledge dissemination.				
Project Outcomes and Deliverables:				
Outcomes:				
1. Enhanced capacity for implementing proven conservation models.				
2. Strengthened policy-practice linkages.				
3. Reduced human-wildlife conflict in replication sites.				
4. Improved biodiversity and habitat connectivity.				
5. Increased community participation and benefits.				
Deliverables:				
1. Compendium of replicable wildlife interventions.				
2. Replication frameworks and toolkits.				
3. Stakeholder consultation reports.				
4. Site-specific implementation roadmaps.				
5. Video documentation of successful management interventions.				

Decision of Executive Committee: The Executive Committee recommended the scheme with a condition that the Programme Division should ensure the compliance of the guidelines issued by National Authority vide letter no. NA-13/13/2022-NA dated 27th June 2025.

A handwritten signature or set of initials in black ink, located in the bottom right corner of the page. It appears to be a stylized representation of a name or set of initials, possibly 'G. S. N.' or similar.

AGENDA ITEM NO. 17.5 DOCUMENTATION OF TRADITIONAL KNOWLEDGE IN WILDLIFE CONSERVATION

Name of Scheme	Documentation of traditional knowledge in wildlife conservation
Implementing Agency	Zoological Survey of India
Project Duration/Period	2 years
Project Outlay	Rs. 5.74 crore
Programme Division	Wildlife Division, MoEF&CC
Objectives of the Project - To interpret Representation of Fauna in Indian Cultural and Religious Texts. - To analyze Indigenous Classification and Local Nomenclature. - To document Community-Based Conservation Practices. - To develop a Digital Knowledge Repository on Indian traditional knowledge in wildlife conservation	
Project Outcomes and Deliverables: - A national inventory of traditional knowledge on wildlife conservation, available in both digital and print formats. - Strengthening of community participation in conservation through recognition and valorization of their knowledge systems. - Enhanced policy inputs for integrating traditional knowledge into biodiversity action plans and environmental governance. - A robust academic and public interface through knowledge products such as Illustrated encyclopedias, Field guides and multilingual glossaries, short films and documentaries, Online learning modules, and establishment of a sustainable research ecosystem within ZSI via the proposed "Centre of Excellence".	

Decision of Executive Committee: The Executive Committee deferred the above proposal.

AGENDA ITEM NO. 17.6 ESTABLISHMENT OF NATIONAL CENTRE OF EXCELLENCE FOR HWC AT SACON, COIMBATORE AS ANNOUNCED BE THE HON'BLE PRIME MINISTER OF INDIA

Name of Scheme	Establishment of National Centre of Excellence for Human-Wildlife Conflict Management (NCCM) at SACON, Coimbatore as announced by the Hon’ble Prime Minister of India		
Implementing Agency	Wildlife Institute of India, Dehradun		
Project Duration/Period	5 years		
Project Outlay	Rs. 99.545 crore		
	Sr. No	Year	Estimate Budget (Rs. in crore)
	1	Year 1 (2025-26)	23.289
	2	Year 2 (2026-27)	20.644
	3	Year 3 (2027-28)	19.105
	4	Year 4 (2028-29)	17.755
	5	Year 5 (2029-30)	18.751
	Total		99.545
Programme Division	Wildlife Division, MoEF&CC		
Objectives of the Project			
a) Policy and Advocacy Support: Review of existing policies and undertake gap analyses to guide the Centre and State Governments on targeted policy and field actions, including the support for implementation of Centrally Sponsored Scheme for Human Wildlife Conflict Management, being considered by MoEF&CC b) Spatial Analyses and Knowledge Management: Zonation (of wildlife-matrix, interface and human-matrix), spatial prioritisation and implementation of the region specific and species-specific action plans on human-wildlife interactions as may be desired by various stakeholders. Manage a National Database on Human Wildlife Interface and Actions, including Production of ‘State of HWI Report’. c) Integration of Advance Technologies: Need and feasibility assessment of various technologies including AI, hand holding and knowledge transfer (technology transfer) to the targeted stakeholders. d) Awareness and Stakeholders Engagement: Regular engagement of stakeholders at various levels to manage the situation through social engineering, involving production and dissemination of knowledge and awareness materials to sensitise people and create a cadre of volunteers and constituency/stewardship for conflict management. e) Capacity and Skill Development: Plan and execute curriculum and knowledge products to develop capacity of forest officers/staff, line agencies and community leaders to enhance the capacity and stewardship.			
Outcomes and Deliverables:			
Outcomes:			
The major outcome of the project would be decrease/prevent deaths of people/animals and property Loss from Human-Wildlife Conflicts, and maintaining No Conflict Area as No Conflict Area. The following specific outcomes are as follows:			

- a) Policy and advocacy support through review of National Action Plan on HWC and SoPs, and develop local-level land-use policy with focus on habitat connectivity, management and cropping patterns, and other economic activities.
- b) Specialised knowledge management system on HWI and National-level maps of HWI areas, with 'demarcation of Zones' of (1) Wildlife-matrix, (2) Interface and (3) People-matrix for guiding decisions.
- c) Periodic status report with trend and hotspots of current and future conflicts.
- d) Develop HWI-Tracking and Prediction Tool involving AI and ML.
- e) Deployment of Advance Technologies such as E-Eye, E-bird, wireless sensors, Automated Trapping Traps and mobile application in Human-wildlife Conflict Management.
- f) Integration of technologies and Citizen Science to Dashboard with real-time monitoring, alert, and predictions
- g) Support deployment and functioning of Special Performance Units supported with technologies.
- h) Engagement of social media, Youth and Student Clubs, Volunteer Network, EIACP Network and NGOs to scale up stakeholder engagements.
- i) Develop and implement National Certification and Award Scheme for Farmers, Students, Volunteers and Media for adopting to changed behaviour and cropping patterns and minimising HWC.
- j) Visualization and Advance Planning Tools to engage targeted Panchayats and District Administration.
- k) Develop and impart 1-month Certificate Course on HWI management for district/divisional officers of all line departments and specialized course for forest officials and staff.
- l) Plan and execute exposure visits to best practice areas (within and outside country) and Field-to-Field Training Programs for various Stakeholders.
- m) Develop curriculum, training materials and offers capsule modules on HWI in National Academies, Forest Training Institutions, National, State and Regional Institutes of Rural Development and Panchayat Raj, rural colleges, etc.
- n) National level mapping and monitoring of Zone of Influence across all Protected Areas and other wildlife-rich areas, to support spatial prioritization including hotspots and direct actions (Collaborate with BISAG-N, NRSC, etc.).
- o) Assess movement ecology of the conflict species, habitat quality and model carrying capacity (ecological and social) of various conflict species in representative sites across the country.
- p) Undertake experiments and support implementation of population control measures and behavioral alteration including negative conditioning in the human matrix (Collaborate with TANVAS, TNFD, IVRI, etc.).
- q) Undertake One Health Research with focus on HWI and execute species-specific and site-species actions to minimize and mitigate HWI (Collaborate with Indian Institute of Public Health Gandhinagar, Centre for One Health Kerala, NIAS, etc.).

Deliverables:

Year 1

- a) National Workshop and Report on Current National Action Plan and SoPs on Human Wildlife Conflict Management
- b) Update of National Database on Human Wildlife Conflict cases and produce State of Human-Wildlife Conflict Report
- c) Deployment of Modern Technologies in selected HWC areas in the country.
- d) Multi-lingual site- and species-specific awareness materials such as pamphlets, posters and short films emphasizing wildlife behaviour and their ecosystem services to minimize the conflict.

- e) Curriculum, training materials and capsule modules on HWI in National Academies, Forest Training Institutions, National, State and Regional Institutes of Rural Development and Panchayat Raj, rural colleges, etc.
- f) Map of Zone of Influence across selected Protected Areas and other wildlife-rich areas, to support spatial prioritization including hotspots and direct actions (Collaborate with BISAG-N, NRSC, etc.).

Year 2

- a) Regional Workshops and Report on various policy instruments that are followed by different states to deal with HWC and explore the possibility to rationalise and converge for value-based uniformity.
- b) Update of National Database on Human Wildlife Conflict cases and produce State of Human-Wildlife Conflict Report.
- c) Updated curriculum, training materials and capsule modules on HWI in National Academies, Forest Training Institutions, National, State and Regional Institutes of Rural Development and Panchayat Raj, rural colleges, etc. Field-to-Field exchange visits and training program.
- d) National-level map of HWI areas in priority states, with 'demarcation of Zones' of (1) Wildlife-matrix, (2) Interface and (3) People-matrix for guiding decisions.
- e) Deployment of Modern Technologies in selected HWC areas in the country
- f) Establishment of Youth and Student Clubs, Volunteer Network, EIACP Network and NGOs to engage all levels of civil society, student and media networks to scale up stakeholder engagements.
- g) Implement 1-month Certificate Course on HWI management for district/divisional officers of all line departments and specialised course for forest officials and staff.
- h) Assess the habitat quality and model carrying capacity (ecological and social) of various conflict species in representative sites across the country (Collaborate with Indian Statistical Institute and its centres).
- i) Study movement ecology of the conflict species from representative areas and model future conflicts so that suitable policy and actions can be visualised and acted upon. (Collaborate with AIWC, IISc, etc.)

Year 3

- a. Update of National Database on Human Wildlife Conflict cases and produce State of Human-Wildlife Conflict Report.
- b. Updated curriculum, training materials and capsule modules on HWI in National Academies, Forest Training Institutions, National, State and Regional Institutes of Rural Development and Panchayat Raj, rural colleges, etc. Field-to-Field exchange visits and training program.
- c. Updated national-level map of HWI areas in other priority states, with 'demarcation of Zones' of (1) Wildlife-matrix, (2) Interface and (3) People-matrix for guiding decisions.
- d. Deployment of Modern Technologies in selected HWC areas in the country, including HWI-Tracking and Prediction Tool.
- e. Establishment and deployment of Special Performance Units/Conflict Management Task Force (supported by spatial technologies and mechatronics) that can deal with conflict and community engagement activities.
- f. National Certification and Award Scheme for Farmers, Students, Volunteers and Media for adopting to changed behaviour and cropping patterns and minimising HWC.
- g. Implement activities of Youth and Student Clubs, Volunteer Network, EIACP Network and NGOs to engage all levels of civil society, student and media networks to scale up stakeholder engagements.
- h. Implement 1-month Certificate Course on HWI management for district/divisional officers of all line departments and specialised course for forest officials and staff.

- i. Establishment of 'HWI Management Fund' through Government resources, investments/insurances and CSR avenues and offer advocacy on financial literacy and management to various stakeholders. 10. Regional Workshops for Stakeholders to share best-practices on human-wildlife conflict management.
- j. Assess the habitat quality and model carrying capacity (ecological and social) of various conflict species in representative sites across the country (Collaborate with Indian Statistical Institute and its centres).
- k. Study movement ecology of the conflict species from representative areas and model future conflicts so that suitable policy and actions can be visualised and acted upon. (Collaborate with AIWC, IISc, etc.)

Year 4

- a. Develop local-level land-use policy with focus on habitat connectivity, management and cropping patterns, and other economic activities that are conducive to local area towards minimizing the conflict conditions.
- b. Update of National Database on Human Wildlife Conflict cases and produce State of Human-Wildlife Conflict Report.
- c. Updated curriculum, training materials and capsule modules on HWI in National Academies, Forest Training Institutions, National, State and Regional Institutes of Rural Development and Panchayat Raj, rural colleges, etc. Field-to-Field exchange visits and training program.
- d. Deployment of Modern Technologies in selected HWC areas in the country, including HWI-Tracking and Prediction Tool.
- e. Implement activities of Youth and Student Clubs, Volunteer Network, EIACP Network and NGOs to engage all levels of civil society, student and media networks to scale up stakeholder engagements.
- f. Implement 1-month Certificate Course on HWI management for district/divisional officers of all line departments and specialised course for forest officials and staff.
- g. Regional Workshops for Stakeholders to share best-practices on human-wildlife conflict management.
- h. Integration of technologies and Citizen Science to Dashboard with real-time monitoring, alert and predictions.
- i. Integration of HWC Management in Gram Panchayat Development Plans and District Development Plans.
- j. Undertake experiments and support implementation of population control measures and behavioural alteration including negative conditioning in the human matrix.

Year 5

- a. Final Report Update of National Database on Human Wildlife Conflict cases and produce State of Human-Wildlife Conflict Report.
- b. Updated curriculum, training materials and capsule modules on HWI in National Academies, Forest Training Institutions, National, State and Regional Institutes of Rural Development and Panchayat Raj, rural colleges, etc. Field-to-Field exchange visits and training program.
- c. Deployment of Modern Technologies in selected HWC areas in the country, including HWI-Tracking and Prediction Tool.
- d. Implement activities of Youth and Student Clubs, Volunteer Network, EIACP Network and NGOs to engage all levels of civil society, student and media networks to scale up stakeholder engagements.
- e. Implement 1-month Certificate Course on HWI management for district/divisional officers of all line departments and specialised course for forest officials and staff.
- f. Regional Workshops for Stakeholders to share best-practices on human-wildlife conflict management. Integration of technologies and Citizen Science to Dashboard with real-time monitoring, alert and predictions.

- g. Integration of technologies and Citizen Science to Dashboard with real-time monitoring, alert and predictions.
- h. Integration of HWC Management in Gram Panchayat Development Plans and District Development Plans.
- i. Support actions related to HWI management in the process of Management Plan, TCPs, ECPs, WPs, etc.
- j. Undertake One Health Research with focus on HWI and execute species-specific and site-species actions to minimise and mitigate HWI.
- k. Final Report and Five-Year Plan for next Phase.

Decision of Executive Committee: The Executive Committee recommended the scheme with a condition that the Programme Division should ensure the compliance of the guidelines issued by National Authority vide letter no. NA-13/13/2022-NA dated 27th June 2025.

AGENDA ITEM NO. 17.7 PLANT BASED WILDLIFE HEALTH MANAGEMENT

Name of Scheme	Plant Based Wildlife Health Management					
Implementing Agency	Botanical Survey of India, Kolkata					
Project Duration/Period	2 years					
Project Outlay	Rs. 5,56,85,600/-					
Year wise Estimate	Sr. No.	Heads	1st Year	2nd Year	Total	
	1	Manpower	Consultant (2)	1,00,000 × 2 × 12 = 24,00,000 /-	1,00,000 × 2 × 12 = 24,00,000 /-	48,00,000/-
			Research Associate (6)	61,000 × 6 × 12 = 43,92,000	61,000 × 6 × 12 = 43,92,000	87,84,000/-
			Junior Research Fellows (6) Rs. 37,000/- + 30% HRA per month (48,100 consolidated)	48,100 × 6 × 12 = 34,63,200 /-	48,100 × 6 × 12 = 34,63,200 /-	69,26,400/-
			Project Associate-I (6) Rs. 31,000/- + 30 % HRA per month (Rs. 40,300/- consolidated)	40,300 × 6 × 12 = 29,01,600 /-	40,300 × 6 × 12 = 29,01,600 /-	58,03,200/-
			Project Assistant (18) Rs. 20,000/- + 30 % HRA per month (Rs. 26,000/- consolidated)	26,000/- × 18 × 12 = 56,16,000 /-	26,000/- × 18 × 12 = 56,16,000 /-	1,12,32,000 /-
			Sub Total	1,87, 72,800/-	1,87, 72,800/-	3,75,45,600 /-
	2	Equipment	Stereo Microscope system with recommended compatible cameras with software/any other devices as per the on moment requirement (for confirming identity of plant samples used in traditional medicine)	10,00,000 × 3 = 30,00,000 /-	--	30,00,000/-
			Compact camera/video cam (six) for capturing photographs and videos of plants, traditional medicine practices, application of herbal medicine to animal/wildlife, etc.	80,000/- × 6 = 4,80,000/-	--	4,80,000/-
			DSLR camera with telezoom/macro lenses (for capturing high resolution photographs and videos of plants, traditional medicine practices, application of herbal medicine to animal/wildlife, etc.	3,00,000/- × 3 = 9,00,000/-	--	9,00,000/-
			Desktop Computer (nine) (for recording data, preparing digital repository, preparing infographics, reports etc.	60,000/- × 9 = 5,40,000/-	--	5,40,000/-
			Laptop (six) (for carrying during tour by research personnel for recording,	85,000/- × 6 = 5,10,000/-	--	5,10,000/-

			compiling, managing data, photographs, videos etc.)			
			External hard disk (fifteen) (for storage and repeated back-up of data)	14,000/- × 15 = 2,10,000/-	--	2,10,000/-
			Subtotal			56,40,000/-
	3	Travel	Field/library/Herbarium/institute consultation tours (the work involves extensive filed surveys/tours thought out India, including visiting of remote areas. The travel grant will cover purchasing of train/air tickets, hiring of vehicles for field surveys, carrying out essential supply/food etc. during tours, charges for accommodation, local transport etc. The travel budget will also cover for attending progress review meetings, conferences, seminars etc.	2,50,000/- × 12 tours = 30,00,000 /-	2,50,000/- × 12 tours = 30,00,000 /-	60,00,000/-
	4	Contingency	For paying porter, field guide charges in tours during 2 years, preparation of report and manuscript etc. to pay the registration fee for attending/organizing seminars/workshop and other unplanned/miscellaneous expenditure.	12,00,000 /-	12,00,000 /-	24,00,000/-
	5	Consumable (for purchasing of field tour related equipment, stationeries, chemicals etc.)		8,00,000/-	80,000/-	16,00,000/-
	6	Digital Repository creation/dissemination of data			25,00,000 /-	25,00,000/-
				1+2+3+4+5+6		5,56,85,600 /-
		Total		Rs. 5,56,85,600/-		
Programme Division		Wildlife Division, MoEF&CC				
Objectives:						
a) Collating and documenting medicinal plants that can be used for animal health management.						
b) Documentation and mapping of ancient Indian literature on animal/ wildlife health management.						
c) Documentation and mapping of modern literature on animal/ wildlife health management.						
d) Documentation of available plant-based medicines/ formulations used for animal/ wildlife health management through field surveys, stakeholder consultation, visits to different relevant institutes, consultation with experts/ practitioners and other relevant sources across the country.						
e) Metadata creation for developing digital repository to disseminate knowledge.						

Outcomes and Deliverables

Outcomes:

- a) Development of an exhaustive information on ethno-veterinary practices for wildlife health
- b) management to systematically showcase the knowledge from indigenous communities, ancient texts, and modern research. This will serve as a reference for conservation practitioners, policymakers, and veterinary researchers.
- c) Plant based ethno-veterinary formulation will be identified which may be used in wildlife health management.
- d) The report will help in improving overall health and well-being of wildlife through natural, plant-based treatments. It will facilitate to decrease in using of synthetic drugs and chemicals, promoting a more eco-friendly approach.
- e) It will help in increasing participation of local communities in conservation efforts through traditional knowledge of medicinal plants.
- f) Metadata creation for developing digital repository to disseminate knowledge.
- g) The outcomes may be very useful in the remote areas of the country where livestock health care management is difficult due to inaccessibility of modern drugs.

Deliverables:

- a) A detailed document outlining the findings from the study on the plant-based products/ medicines/ formulations with respect to wildlife health will be prepared.
- b) ii. The collected information will be presented separately for different animals or group of animals- e.g. all the plants used in medicines to cure the Elephant, Tiger, primates etc., will be provided as separate sub-documents/chapters against the respective animal species so that similar kind of medicine can be surrogated for same group of wild animals.
- c) iii. Same plants are known by different names in different Indian colloquial languages. On the contrary, different plants are known by same common name. Therefore, to avoid the confusion, the plants/plant materials used by the traditional practitioners will be collected (based on information received) and their identity will be confirmed.
- d) iv. A set of strategic recommendations will be prepared for the policymakers to integrate plant -based health management into wildlife conservation policies.
- e) v. Development of materials/ infographics for promoting awareness in using plant-based ethno veterinary medicines.

Decision of Executive Committee: The Executive Committee deferred the above proposal.

AGENDA ITEM NO. 17.8 NATIONAL PROGRAMME FOR INVOLVEMENT OF LOCAL YOUTH FOR WILDLIFE CONSERVATION

Name of Scheme	National Programme for Involvement of Local Youth for Wildlife Conservation	
Implementing Agency	Wildlife Institute of India, Dehradun	
Project Duration/Period	5 years	
Project Outlay	Rs. 29.69 crore	
	Year	Budget (in Rs.)
	Year 1	5,93,86,240/-
	Year 2	5,93,86,240/-
	Year 3	5,93,86,240/-
	Year 4	5,93,86,240/-
	Year5	5,93,86,240/-
	Total	29,69,31,200/-
Programme Division	Wildlife Division, MoEF&CC	
Objectives:		
The overarching goal of the project is to transform India's youth from passive observers to active conservation leaders who can ensure long-term sustainability of wildlife protection efforts. The following objectives are outlined as:		
1. Create a National Youth Conservation Network		
Establish systematic engagement of local youth in wildlife conservation across India through coordinated efforts rather than isolated local initiatives		
2. Build Conservation Capacity at Grassroots Level		
Develop a cadre of environmentally responsible stewards at gram panchayat level who can handle conservation challenges, especially human-wildlife conflict situation.		
3. Integrate Youth into Critical Conservation Areas		
Strategically involve youth in conservation efforts at Protected Areas, RAMSAR sites, and other critical ecosystems where focused conservation action is most needed.		
4. Foster Environmental Consciousness Through Education		
Create a generation of environmentally conscious citizens through structured education, skill development, and hands-on conservation curriculum to be integrated into school, graduation and master level courses		
5. Leverage Youth Innovation for Conservation		
Harness the energy, fresh perspectives, and digital-savvy nature of youth to promote innovative conservation methods, citizen science initiatives, and broader community awareness through modern platforms such as social media.		
Outcomes and Deliverables		
Immediate Outcomes (Year 1-2)		
Infrastructure & Capacity Building		
a) 100 Youth Clubs established at Protected Areas, Ramsar sites and critical conservation ecosystems		

- b) Coordination structure established with National and Regional Coordinators
- c) Master trainers and resource persons developed for creating environmentally responsible steward groups.

Youth Engagement & Training

- a) Hundreds of youths trained in first response for human-wildlife conflict situations
- b) 30 conservation science internships every year provided to youth in national institutes
- c) 10 Regional and 2 National Children Ecology and Conservation Conferences conducted
- d) National network of birdwatching and nature clubs
- e) established through systematic networking.

Awareness & Education

- a) Digital platforms (My Bharat, MyGov, iGoT and so on) launched for conservation dissemination
- b) Environmental education integration initiated in school curricula through workshops and field trips
- c) Photography/videography competitions established at regional and national levels
- d) 20+ wildlife dedication days observed engaging youth nationwide in 40+ locations

Medium-term Outcomes (Year 3-5)

Scaled up Youth Network

- a) Several hundreds of youths actively engaged in conservation activities across all target groups
- b) Van Mitras, Bagh Mitras, Cheeta Mitras citizen science programs operational
- c) Marginalized and differently-abled youth successfully integrated into conservation efforts.

Conservation Impact

- a) Significant reduction in human-wildlife conflicts in forest fringing villages near Protected Areas.
- b) Enhanced citizen science database through systematic monitoring of natural resources quality and weather patterns.
- c) Strengthened local conservation capacity at gram panchayat level through trained steward groups Institutional Development.

Long-term Deliverables (5+ Years)

- a) Sustainable Conservation Network
- b) Self-sustaining network of youth conservation leaders across all states and union territories
- c) Institutionalized youth engagement in conservation through partnership of various institutions and ministries
- d) Replicable model for youth-led conservation initiatives adoptable by other biodiversity-rich regions.

Conservation Ecosystem Strengthening

- a) Enhanced biodiversity conservation in critical habitats through systematic youth involvement
- b) Generation of environmentally responsible citizens with conservation values instilled from early age

- c) Strengthened conservation ecosystem through integration of youth with State Biodiversity Boards and Biodiversity Management Committees

Knowledge and Innovation

- a) Comprehensive conservation curriculum developed and adopted nationally
- b) Digital conservation platforms established as permanent awareness tools
- c) Innovation in conservation methods through fresh youth perspectives and technology integration.

Policy & Institutional Impact

- a) Youth conservation guidelines developed for national policy adoption
- b) Permanent annual programs (Children's Conference, photography competitions, wildlife day observations) institutionalized
- c) Museum exhibitions and educational materials created as permanent conservation resources

Measurable Conservation Outcomes

- a) Documented reduction in human-wildlife conflict
- b) incidents in target areas
- c) Quantifiable increase in conservation awareness among youth population nationwide
- d) Established citizen science database contributing to national biodiversity monitoring
- e) Network of 10,000+ trained youth serving as conservation ambassadors in their communities.

Decision of Executive Committee: The Executive Committee deferred the above proposal.

AGENDA ITEM NO. 17.9 MANAGEMENT OF TIGERS OUTSIDE TIGER RESERVES: A PREVENTIVE STRATEGY TO DEAL WITH MAN-TIGER CONFLICT

Name of Scheme	Management of Tigers Outside Tiger Reserves: strategy to deal with Man-tiger Conflict						
Implementing Agency	PCCF and CWLW of States						
Project Duration/Period	3 years						
Project Outlay	Rs. 88.70 crore						
	(Rs. in Lakh)						
	S. No.	Activity	outlay per division	2025-26	2026-27	2027-28	Total
	1	Technological intervention for the protection and monitoring of tigers and co-predators	20	800	400	400	1600
	2	Strengthening the managers with tools and technology to address Human-wildlife conflict	40	1600	1000*	1000*	3600
	3	Capacity building—Staffs/JFMCs/Veterinarians/NGOs/Civil Society Organizations	10	400	400	400	1200
	4	Extension and outreach activities	10	400	400	400	1200
	5	Creation of escape refuges and prey augmentation closures	10	400	400	400	1200
	6	a) Monitoring of Project at NTCA HQ level		15	15	15	45
		b) Evaluation of Project at NTCA HQ level				25	25
		Total Outlay	90	3615	2615	2640	8870
	*in case of 2 nd year and 3 rd year as purchase of equipment's are not necessary, it is proposed to allocate Rs.25 lakh/Division for the activity mentioned at Sl.no 2.. *in case of 2 nd year and 3 rd year as purchase of equipment's are not necessary, it is proposed to allocate Rs.10 lakh/Division for the activity mentioned at Sl.no 1.. For a pilot basis of project TOTR, an estimated amount of Rs 88.70 Crores is required with 36.15 crores for 2025-26; 26.15 Crores for 2026-27 and 26.40 Crores for 2027-28						
	Programme Division	National Tiger Conservation Authority, MoEF&CC					
Objectives of the Project							
a) To address the Human-tiger and other Co-predators conflict issue in the areas outside Tiger Reserves by strengthening the infrastructure, protection system etc. b) To have sustainable conservation of Tigers, co-predators and its habitats in the areas outside Tiger reserves by ensuring co-existence with the local communities							
Outcomes and Deliverables:							
a) Reduction in Human-tiger conflict issues in the areas outside Tiger Reserves due to continuous monitoring and through early warning system by involving local communities. b) Conservation of tiger and its habitat through reducing conflict and outreach programs							
Recommendation of 34 th EC: The EC recommended the scheme in-principle on pilot basis for one year. However, the NTCA is requested to furnish revised year wise estimates since 2024-25 year has elapsed. Afterwards, the approval of governing body shall be sought.							

Decision of Executive Committee: The Executive Committee recommended the scheme with a condition that the Programme Division should ensure the compliance of the guidelines issued by National Authority vide letter no. NA-13/13/2022-NA dated 27th June 2025.

A handwritten signature in black ink, located in the bottom right corner of the page. The signature is stylized and appears to be a combination of letters and numbers.

AGENDA ITEM NO. 17.10 ALL INDIA ELEPHANT POPULATION ESTIMATION 2022

Name of Scheme	All India Elephant Population Estimation 2022		
Implementing Agency	Wildlife Institute of India, Dehradun		
Project Duration/Period	1 year		
Project Outlay	Rs. 0.75 crore (Additional Funding)		
	SNO	Particulars	Amount (In Rs.)
	1	DNA Extraction Kits	2025000/-
	2	PCR reagents kit	400000/-
	3	Library Preparations Atoplex custom panel of microsatellites (2nos)	309910/-
	4	Dual DNA BC Library Preparation set x3	1555500/-
	5	Dual barcode circularization x3	86400/-
	6	Balancing reagents	
	7	Sequencing cost flow cell x20	2400000/-
	8	Plastic ware, other reagents	685331/-
		Total	7538641/-
Programme Division	Project Elephant Division, MoEF&CC		

Decision of Executive Committee: The Executive Committee recommended the scheme.

AGENDA ITEM NO. 18

EXTENSION OF ONGOING SCHEMES/PROJECT

AGENDA ITEM NO. 18.1 CONSERVATION BREEDING OF CHEETAH IN BANNI GRASSLAND, GUJARAT

Name of Scheme	Conservation Breeding of Cheetah in Banni Grassland, Gujarat
Implementing Agency	National Tiger Conservation Authority, MoEF&CC
Project Duration/Period	2 years (2023-24)
Project Outlay	Rs. 20.31 crore
Fund Released	Rs. 14.70 crore
Fund Utilized	Rs. 9.95 crore
Programme Division	National Tiger Conservation Authority, MoEF&CC
Objectives Establishing the cheetah population to India: Captive breeding as a method for restoring the cheetah population is poised to serve as a blueprint or paradigm biodiversity.	
Outcomes and Deliverables a) Cheetah population got re-established b) Captive Breeding Program again showcased successfully	
Request for No Cost Extension: NTCA has requested for the extension of the scheme up to 31.03.2026 vide letter no 5-12/2022-NTCA dated 29.05.2025 and further release of grant of Rs. 5.61 crore as 3rd instalment.	

Decision of Executive Committee: The Executive Committee recommended the no cost extension of scheme upto 31.03.2026.

AGENDA ITEM NO. 18.2 PHASE II ESTABLISHING META-POPULATION OF CHEETAH IN INDIA

Name of Scheme	Phase II Establishing Meta-population of Cheetah in India
Implementing Agency	National Tiger Conservation Authority, MOEFCC
Project Duration/Period	1 year (2024-25)
Project Outlay	Rs. 56.80 crore
Fund Released	Rs. 26.20 crore
Fund Utilized	Not utilized
Programme Division	National Tiger Conservation Authority, MOEFCC
Objectives - To establish breeding cheetah populations in safe habitats across its historical range and manage them as a metapopulation. - To use the cheetah as a charismatic flagship and umbrella species to garner resources for restoring open forest and savanna systems that will benefit biodiversity and ecosystem services from these ecosystems. - To enhance India's capacity to sequester carbon through ecosystem restoration activities in cheetah conservation areas and thereby contribute towards the global climate change mitigation goals. - To use the ensuing opportunity for eco-development and eco-tourism to enhance local community livelihoods. - To manage any conflict by cheetah or other wildlife with local communities within cheetah conservation areas expediently through compensation, awareness, and management actions to win community support	
Outcomes and Deliverables Initiating the establishment of viable cheetah population(s) in India beginning at Kuno National Park along with recovery and management of grassland and open forest systems at the release site and commencing ecological restoration of Gandhi Sagar Wildlife Sanctuary. Conserving and enhancing the faunal diversity, especially the threatened and endangered species in grassland and open forest habitats by securing and consolidating these neglected ecosystems. Capacity building of State Forest Departments in wildlife and habitat management by imparting knowledge and training on latest techniques in monitoring, capture and translocation and technology enabled protection	
Request for No Cost Extension: NTCA has requested for the extension of the scheme up to 31.03.2027 vide letter no 5-12/2023-NTCA dated 25.04.2025 and further revalidation of unspent balance of Rs. 26.20 crore for its utilisation during 2025-26.	

Decision of Executive Committee: The Executive Committee recommended the no cost extension of scheme up to 31.03.2027.

AGENDA ITEM NO. 18.3 PAN INDIA ASSESSMENT OF CRITICALLY ENDANGERED SPECIES UNDER THE IDWH

Name of Scheme	PAN India Assessment of critically endangered species under the IDWH
Implementing Agency	Wildlife Institute of India
Project Duration/Period	2 years (2021-22)
Project Outlay	Rs. 19.05 crore
Fund Released	Rs. 14.43 crore
Fund Utilized	Rs. 12.21 crore
Programme Division	Wildlife Division, MoEF&CC
Project Objectives a) Assess the current status of endangered species covered under DWH Scheme. b) Development of long-term monitoring protocols for populations and their habitats of endangered species covered under the DWH Scheme.	
Request for No Cost Extension: WII, Dehradun has requested for the extension of the scheme up to 31.03.2026 through WL division vide letter no vide letter no WII/FIN/2021-22/77 dated 24.05.2025 and further release of Rs. 4.62 as 3rd and final instalment and revalidation of Rs. 2.64 for its utilisation during 2025-26.	

Decision of Executive Committee: The Executive Committee recommended the no cost extension of scheme up to 31.03.2026.

AGENDA ITEM NO. 18.4 UNESCO CATEGORY 2 CENTRE-WORLD NATURAL HERITAGE MANAGEMENT TRAINING FOR ASIA-PACIFIC REGION

Name of Scheme	UNESCO Category 2 Centre-World Natural Heritage Management Training for Asia-Pacific Region.
Implementing Agency	Wildlife Institute of India, Dehradun
Project Duration/Period	5 years (Extended up to 31.03.2025)
Project Outlay	Rs. 18.66 crore
Fund Released	Rs. 18.66 crore
Fund Utilized	Rs. 16.45 crore
Programme Division	Wildlife Division, MoEF&CC
Objectives - Contribute to the strengthening of capacities in the management of World Natural Heritage in the region. - Contribute to the achieving of a more balanced representation of properties from Asia and the Pacific on the World Heritage List. - Raise awareness of the importance of World Natural Heritage and of the need to protect it among the general public and the youth in particular. - Foster international cooperation on World Natural Heritage initiatives.	
Outcomes and Deliverables - Enhanced awareness of diverse stakeholders including youth, teachers, frontline forest personnel, site managers, senior officers - Recognition by Ministry of External Affairs for conducting courses on natural heritage for international participants annually. - Fulfilment of India's World Heritage reporting and monitoring obligations. - Inclusion of 4 Tentative List sites for India (Garo Hills CA, Keibul Lamjao NP, Bhedaghat- Lametaghat, Satpura TR) besides review of 12 more TLs for GSI, UP Tourism and Gujarat FD. - Inscription of 1 Mixed Natural Cultural Heritage Site (Khangchendzonga National park). 3 Courses in Natural Heritage Management with sponsored by MEA, Govt of India. 37 candidates from 22 countries and 5 continents availed these courses. ~ 2500 trained participants from India & above 50 countries on World Heritage themes	
Request for Extension: WII, Dehradun has requested for the extension of the scheme up to 31.03.2026 through WL division vide letter no vide letter no WII/C2C/Finance/82/2020 dated 11.04.2025 and revalidation of Rs. 2.40 for its utilisation during the financial year 2025-26.	

Decision of Executive Committee: The Executive Committee recommended the no cost extension of scheme up to 31.03.2026.

AGENDA ITEM NO. 19

AGENDA ITEM NO 19: INVESTMENT OF SURPLUS FUNDS OF RS. 9,000 CRORE OF NATIONAL FUND

Comptroller & Auditor General of India (C&AG) being the sole Auditor of National CAMPA in its Separate Audit Report for the period 2023-24 written a para on 'Loss of interest due to non- investment of surplus balance of National Fund' questioning the significantly lower rate of interest being paid by the Central Government than that what it pays to its subscribers of Central Government Securities. C&AG has asked for clarification on the issue as to why the National Authority is keeping its surplus balance in the Public Account, which earns a lower interest rate, rather than investing it in securities of Central Government, which provide a higher rate of interest.

Further, Section 15(1)(vi) of CAF Act, 2016 envisaged the provisions that 'the executive committee of the National Authority shall invest surplus amounts available in National Fund'. This provision is further discussed in Section 21 of CAF Act, 2016 that 'National Authority may invest its funds, including any reserve fund, in the securities of the Central Government and in Scheduled Banks in such a manner as may be prescribed'.

National CAMPA is having a balance of National Fund as on 31.03.2025 of Rs.10,845.00 crore whereas its Annual Expenditure is just around Rs.300 crore approximately per year during last 5 years, so it would be appropriate to invest the surplus fund as envisaged in legal provisions and also to respond to the C&AG queries on the subject.

CEO National CAMPA agreed to the proposal to invest at least 90% of this balance of National Fund i.e. to the tune of Rs. 9000.00 crores through a competitive bidding mechanism from the interest expressed by all the nationalised banks. For this, adequate publicity will be done. Further the accruals from this investment could be tied up with schemes or programmes as will be decided by the Governing Body.

In light of the above, an agenda is to be moved to be placed before the Executive Committee's meeting for their approval.

Decision of Executive Committee: The Executive Committee recommended for the investment of surplus funds of Rs. 9,000 crore of National Fund in consultation with Integrated Finance Division of MoEF&CC.

AGENDA ITEM NO. 20

ANY OTHER MATTER WITH THE PERMISSION OF THE CHAIR

AGENDA ITEM NO. 20.1: SETTING UP OF NATIONAL CAMPA IMPLEMENTATION & MONITORING SUPPORT UNIT

1. Background:

The Compensatory Afforestation Fund Act 2016 (CAF Act, 2016) was enacted to provide for the establishment of funds and the public accounts of each State and crediting thereto the monies received from the user agencies towards compensatory afforestation (CA), additional compensatory afforestation, penal compensatory afforestation, net present value (NPV) and all other amounts recovered from such agencies under the Forest (Conservation) Act, 1980; constitution of an authority at national level and at each of the State and Union territory Administration for administration of the funds and to utilise the monies so collected for undertaking artificial regeneration (plantations), assisted natural regeneration, protection of forests, forest related infrastructure development, Green India Programme, wildlife protection and other related activities and for matters connected therewith.

2. Role of National Authority:

The National Authority CAMPA is required to perform following functions:

- (i) Maintain the accounts of funds received under CAF Act
- (ii) Reconciliation of Funds and release of State/UT's share
- (iii) Approval of APOs of State/ UTs
- (iv) Management of National Fund
- (v) Approval of Schemes under National Fund
- (vi) Monitoring and evaluation of CAMPA activities
- (vii) Preparation of Annual Accounts & reports
- (viii) Coordination with States/ UTs and Institutions for effective implementation of CAMPA activities
- (ix) Other functions as per CAF Act, 2016

3.1 Annual Plan of Operation (APO)

As per Rule 2(b) of CAF Rule 2018, an Annual Plan of Operation (APO) is a detailed document outlining the planned activities and resource allocation for the next fiscal year. It includes specific objectives, actions, and targets for forest management, aiming to ensure the sustainability and ecological health of the forest. It describes the APO as the annual plan for physical activities and financial provisions approved by the National or State Authority, detailing milestones, success conditions, brief descriptions, estimated costs, execution agencies, and timelines for activities to be executed from the State Fund during the financial year.

The National Authority is required to approve the APO of State Authorities within three months of receipt, possibly with amendments, under Section 15(1)(i) of the CAF Act, 2016. The Act and Rules together provide the framework for the preparation, approval, and submission process of the APO by State CAMPA authorities to the National Authority for implementation of compensatory afforestation and related activities

3.2 Schemes:

The National Authority approves schemes and pilot projects under section 5 (b) (iii) of the CAF Act, 2016, in the matters of national importance as set out by the Ministry pertaining to conservation of forest, wildlife, biodiversity, enhancement of ecosystem services and priority research programmes in the field of forest and wildlife conservation. Total 50 schemes being implemented out of National funds at various institutes e.g. ICFRE, WII, FSI, IIFM, IWST etc of which ten schemes has been completed in May 2025. Now, over 5 new schemes are introduced and three new schemes are under process of approval by the Governing Body (GB).

3.3 Fund Management

As per the provisions contained in the Rule 2 of the Compensatory Afforestation Fund (Accounting Procedure) Rules, 2018 notified by MoEF&CC Notification dated 20.11.2018 on the accounting procedure to regulate the manner of crediting the monies to National Fund and State Fund, National Authority has transferred the funds of Rs. 81,844.18 crore during 2018-19 to 2025-26 (May2025) after component-wise reconciliation with the States/ UTs.

The Authority is at present administering funds amounting to Rs 10,380.36 Crore approx. as on 31.03.2025. One the key activities to be taken up by the National Authority, CAMPA is to establish monitoring framework for the activities implemented through its funds.

4. Monitoring

4.1 Section 16 of the CAF Act, 2016, outlines the functions of the monitoring group, which is responsible for monitoring and evaluating works implemented with CAF funds. The group ensures effective fund utilization, conducts inspections and financial audits, and devises measures for transparency and accountability. The monitoring group also meets at least once every three months, according to Section 16. Further, the CAF Act provides for a Monitoring group with specific functions related to monitoring the utilization of CAMPA funds. It is understood that providing backup support to the Monitoring Group would be important for them to carry out the intended function effectively.

The CAF Rules also provides for independent concurrent monitoring and evaluation and third-party monitoring of various works under State Funds. This would also entail a robust baseline and assessment of monitoring reports for improving the effectiveness of utilization of funds.

However, due to non-availability of manpower in the field of forestry and wildlife, no Monitoring and Evaluation work could not be undertaken by the National Authority so far. There is a clear gap in developing a robust mechanism to conduct the necessary monitoring and evaluation work. Also, the task of monitoring is very vast given the larger amount of funds that spreads across the various States / UT and Institutes. Given the other responsibilities of the National Authority and absence of staff and experts/ professionals as envisaged, the work of Monitoring & Evaluation could not be undertaken due to lack of resources. A dedicated unit in the form of a National CAMPA Implementation & Monitoring Support Unit is being felt for carrying out this important activity of National Authority.

4.2 Justification of the National CAMPA Implementation & Monitoring Support Unit

The National CAMPA has identified key areas for ensuring effective Monitoring and Evaluation of the activities undertaken at the National and State/ UT level. It is important to coordinate all the activities related to the Monitoring and Evaluation of the activities undertaken by the States and Union Territories.

For the purpose of effective monitoring, a special support unit would be required as described below.

- A monitoring unit equipped with state-of-the-art data management and GIS facilities to conduct effective monitoring and evaluation of the various activities implemented by the States/UT.
- The unit will carry out identification and removal of redundancy of activities undertaken under various funding sources.
- The unit will conduct day to day activities such as data collation, analysis, conducting field visits, surveys, RS and GIS based studies, generating reports etc.
- A robust technology-based mechanism/ portal/ Management Information System (MIS) to ensure effective M&E of activities and achieve the desired objectives will be conceptualized, developed and implemented.
- Requirement of such a GIS enabled platform which could be integrated with the MIS system to cover all the activities of the APO. The current platform E- Green Watch doesn't provide the scope of integration and comparison of information for better monitoring purposes.
- Such a system would also facilitate the flow of information among various levels and provide ability to collect information, process it, visualize and showcase the outcome.
- The MIS could further be integrated with the State/ UT MIS to ensure real time and better exchange of data and information. This shall help ensure uniformity in development of technical and audit reports. It is understood that many States have some form of MIS, but they need to be made more robust along with improved systems of data validation, and ability to speak interpret with the systems at the GOI level in the Ministry.
- Analysis of institutional strength and weakness of State CAMPA would be conducted for benchmarking which will help in developing the supporting interventions under National CAMPA.
- Use of satellite data and other digitized assets would be important for effective functioning of the monitoring system envisaged by National Authority, CAMPA.
- Any success of the monitoring programme will depend on timely collection of good quality data, its correlation, analysis and reporting. Even for the portal described earlier in this document, quality data will be necessary for a meaningful understanding of the extent and the impact of work done under the CAMPA fund.
- Quality data and analysis will also help in identifying the strengths and opportunities which could be replicated in CAMPA and in other forestry programmes/ projects funded through other funding sources.

- This system will also be important for creating all round accountability for all the relevant stakeholders and improve the public perception of the work done especially in the context of diversion of precious forest land due to development imperatives.
- The data will help to identify and develop a repository of the best practices undertaken by the States/ UTs after suitable validation.
- The data management system would also assist in data sharing with other stakeholders as per requirement after requisite approvals.
- The data system would help also track the usage of funds and therefore help in reconciliation of the funds received or lying under *ad hoc* CAMPA. DBT and other online financial transaction system could also be built in the portal being envisaged.

Implementing the above activities would require a dedicated team of experts and professionals in the form of a National CAMPA Monitoring Unit (CMU), in addition to the staff already working at National CAMPA and development of requisite IT based systems. More specifically, the CMU shall comprise of qualified and experienced resources from premier institutions of the country who will help in development of a monitoring and evaluation strategy and implementation of the same. It is therefore proposed to engage a professional consultancy firm for providing the services of the CMU in the National CAMPA Authority through the NICS out of the empanelled service agencies.

5. Scope and functions of the National CAMPA Implementation & Monitoring Support Unit:

The CMU will form the core unit for implementing the Monitoring & Evaluation strategy of National CAMPA. The overall vision of the CMU is to support the National CAMPA in efficient use of funds as per the CAMPA Act while addressing the strategic requirements of the forestry and wildlife sector and mitigating the effects of diversion of forest land through efficient systems and processes, data management, monitoring and use of technology.

The key objective of the CMU shall be to support in implementation of effective monitoring and evaluation activities to ensure effective utilisation of the CAMPA fund.

The scope of work of the National CMU shall be as follows:

- The CMU shall analyse and appraise the Annual Plan of Operations (APOs) provided by the States/ UTs, develop a uniform framework for the APOs and correlate information between FC diversion, CA data and actual work done.
- It will track the work done in relation to the approvals given by the Ministry at the time of diversion of forest land in each of the cases.
- The CMU shall develop reporting format for APOs, quarterly reports, annual reports, audit reports, field survey reports and third-party evaluation reports. This shall ensure uniformity in the reporting formats across all the State reports.
- The CMU will have the requisite competencies for designing the upgraded IT based geo-spatial based monitoring portal. It will coordinate among the State/ UT CAMPA units, and will undertake collection, storage and analyse of data, implement the geo-spatial portal for monitoring, and thus help in reporting and preparation of Annual reports.
- The CMU will also coordinate among various agencies, both government and non-government for collection of data, research and adoption of best practices.

- It will also leverage and support activities under the various streams within the Ministry related to the country's plan for combating climate change, land degradation and biodiversity and wildlife conservation. Tracking of the afforestation and other activities would also be done and contribution to mitigating climate change and achievement of the NDCs would be studied.
- The CMU shall review the third-party monitoring reports provided by the State/ UTs. It could also develop a mechanism wherein the third-party consultants should be able to upload the report for further assessment and clearance.
- The CMU shall support the Monitoring Group with adequate data and reports from time to time and as directed and shall follow up the activities as per decisions of the Monitoring Group.
- Based on several decisions and identified issues, the CMU shall undertake field surveys to understand the ground reality and cross check the information with the APO. The field surveys could be planned on a six monthly, annual or biennial basis depending on the requirement.
- The field survey should be supported with photographic, videographic and other evidence.
- All the data collected by the CMU should be well archived and uploaded on the online portal to better understand the audit trail and to maintain integrity and accountability.
- CMU will identify key stakeholders and develop communications strategy for CAMPA and develop extension material as per the strategy.
- The CMU will help in organisation of workshops and seminars through identification of topics, resources persons, participants, and support in management.
- The National CAMPA, apart from collating physical and financial progress information along with details of activities and their impact from the respective State CAMPAs, will also independently verify through a well-designed sampling plans, the works implemented on the ground under the funds of CAMPA. The field survey work would be conducted both through the CMU as well as third party as per requirement.
- Adequate data management and data collection systems would also be developed, which will be working in sync with the GIS based portal described above for most effective outcomes.

6. Outcomes- Implementation & Monitoring Support Unit:

The National CAMPA Monitoring Unit will help the National Authority in developing and implementing a long-term Monitoring and Evaluation framework under the CAF Act and Rules. It is envisaged that the effectiveness of utilisation of CAMPA funds will improve with a robust monitoring framework in place. It will also improve data collection, archiving, analysis and presentation related to the implementation of various activities under CAMPA.

Resources in the CMU:

The CMU is proposed to be constituted of the following resources:

Sr No	Domain Expertise	No of experts	Tentative/ Estimated per month as

			per NICSI empanelment rates excluding GST
1	Team Leader with <i>10- 15 years</i> of experience	1	3,58,864.00
2	Forestry Expert / Wildlife Expert with <i>10 to 15 years</i> of experience	1	3,58,864.00
3	Monitoring & Evaluation and Documentation Expert with <i>10 to 15 years</i> of experience	1	3,58,864.00
4	GIS and Remote Sensing Expert with <i>6 to 10 years</i> of experience	1	3,28,958.00
5	Finance Expert with <i>10 to 15 years</i> of experience	1	3,58,864.00
6	IT Expert with <i>3 to 6 years</i> of experience	1	2,81,110.00
7	Data Analyst with <i>3 to 6 years</i> of experience	1	2,81,110.00

The estimated cost per month is calculated as per NICSI empanelment rates (excluding GST) notified vide NICSI/eGOV CONSULTANCY/2016/16 (16/06/2017 - 15/06/2020). The manpower may be increased or decreased as per the requirement.

7. It is proposed to engage a consulting firm of repute for providing professional services for the task of 'Monitoring and Evaluation' in the National Authority through NICSI from their empanelled list of consultancy service providing firms. The firm will be selected on the basis of evaluation of technical proposals submitted by them as per the GFR Rules.

The consultancy firm shall be engaged initially for a period of two years on project mode. The term of engagement of the firm will be extended for further period based on performance and requirement of the Authority.

The estimated total budget as per the NICSI empanelment rates is Rs 2,52,88,300 (including GST) for a period of first 12 months and Rs 2,65,52,715 (including GST) for the next 12 months. The cost will be met from National Fund as provided in the section- 5(b)(i) of the Compensatory Afforestation Act, 2016.

Decision of Executive Committee: The EC agreed the setting up of National CAMPA implementation & monitoring support unit.

AGENDA ITEM NO 20.2: REQUIREMENT OF ADDITIONAL MANPOWER- SECRETARIAL AND SUPPORT STAFF

As per section 15. (1) (iv) of Compensatory Afforestation Fund (CAF) Act, 2016 the Executive Committee of the National Authority has been vested with power and functions to deploy staff on contract or on deputation basis to the posts in the National Authority. The requirement of adequate support staff at different levels was assessed in November, 2019 for discharge of its duties in an efficient and effective manner. Accordingly, a proposal for creation of 37 posts was approved with reference to Agenda Item No.9 of the 1st meeting of the Governing Body of the National Authority held on 15.11.2019.

Out of 37 posts, 21 posts (viz. AIGF, Under Secretary, Senior Accounts Officer, Section Officer, Technical Officer (Forestry), Assistant Section Officer, Accountant/Auditor, PPS, Sr. PS, PA, and Legal Assistant/Law Officer) will be on deputation basis and 16 posts of office Assistants and Office Attendants are on outsourcing basis.

In January, 2024, Ministry of Finance, Department of Expenditure vide I.D dated 09.01.2024 has approved the proposal of M/o Environment, Forests and Climate Change for creation of 21 regular posts in National Compensatory Afforestation Fund Management & Planning Authority. Applications were invited for appointment on deputation basis for these 21 regular posts from DoPT and other related Departments/ Organizations through advertisement dated 31.01.2024, 27.09.2024 and 01.04.2025. However, applications have not been received for most of the vacant positions and many applicants are not eligible. The applications received does not fulfill the functional criteria of working in Ministry/ Department of Central Government as well as experience/ desirable experience in term of number of years etc.

National CAMPA has initiated many innovative practices for systematic improvement in the overall functioning of the Authority. Some of these are development of Website, Digital APO portal, Management Information System for the Schemes supported from National fund. National CAMPA is also working to make the cash flow of CAMPA funds more efficient and effective as well as monitoring of work supported by National CAMPA.

In view of above, the volume of work of National CAMPA has drastically increased as discussed below-

(i) The National Authority approves schemes and pilot projects under section 5 (b) (iii) of the CAF Act, 2016, in the matters of national importance as set out by the Ministry pertaining to conservation of forest, wildlife, biodiversity, enhancement of ecosystem services and priority research programmes in the field of forest and wildlife conservation. Presently, there were 50 schemes being implemented out of National fund in various institutes e.g. ICFRE, WII, FSI, IIFM etc. Now, over 10 new schemes are introduced and are under process of approval.

(ii) In January, 2025, the Office of the National CAMPA is shifted from Block No.3, 4th Floor, CGO Complex, New Delhi to 3rd Floor, Supreme Court Metro Station Building, New Delhi (about 1417 Sq. Mt.) which was previously occupied by the Dedicated Freight Corridor Corporation of India Limited (DFCCIL). Therefore, the routine nature of work load and welfare activities such as housekeeping, security, timely availability of transport to officers, parking arrangement, protocol duties etc. have been drastically increased. Further, timely

processing of rent, electricity, internet, telephone and housekeeping bills is also the responsibility of National CAMPA.

(iii) It is submitted that these 16 contractual staff (Office Assistant and Office Attendant) have been engaged since the time of Ad-Hoc CAMPA. They were engaged with due approval of the competent authority and the concurrence of the IFD. At present there is no regular office staffs or official against the sanctioned post in National CAMPA. It is intimated that there is no regular Sr Accounts Officer or Section Officer posted in the National Authority for looking after the matter related to preparation of Annual Account, to carry out functions of DDO, bills and GeM etc. Therefore, it is proposed that a person holding B.Com/ M.Com, MBA degree with experience of 3 to 5 years in the relevant field of accounts, audit, finance or banking with good knowledge of MS Office may be deployed/appointed as Accountant through service provider or recruited on contractual basis as Consultant 'A' as per the guidelines of the MoEFCC circulated vide letter No A.65013/7/2018-P-II dated 22/9/2020.

(iv) The position of Joint CEO has been filled up on 1.7.2025 and advertisement for the post of Dy. CEO has already been published in the website of MoEF&CC and DoPT. Secretarial and support staff (ie one office Assistant and one Attendant each) are required to be posted for smooth functioning of their office.

(v) In addition, there are several legal notices on account of fund adjustment received from User Agencies. Instances have come when State Governments demanded funds for the activities which are not mentioned in the CAF Act, 2016 and CAF Rule, 2018. On non acceptance of their request, they adopt legal remedies. In recent past National CAMPA faced I.A. No. 90000 of 2022 in W.P. NO(S). 202/1995 I.A. NO. 5891 OF 2019 in the matter of T.N. Godavarman Thirumalpad vs Union of India and Ors. filed in the Supreme Court by Uttarakhand Government which was challenged by National CAMPA. Several affidavits are required to be filed in Hon'ble Apex, High Court, NGT and other courts. There is no legal consultant posted with National CAMPA against approved post to assist in handling the court cases. It is therefore proposed to engage a Legal Associate (Level F/G) on contract basis in the National CAMPA from the panel maintained by Policy & Law Division of this Ministry against the vacant post of Legal Assistant/Law Officer.

Thus, taking into account the drastic increase of work the additional secretarial, support staff i.e. two Office Assistants, one Legal Associate (Level F/G) and one dedicated Accountant with experience of 3 to 5 years in the relevant field of accounts, audit, finance or banking with good knowledge of MS Offices and 04 Office Attendants are urgently required.

The estimated financial implication for engagement of additional secretarial and support staff is tabulated below:

S. No.	Position	Experience	Number	Remuneration per month (in Rs.)
1	Accountant or Consultant 'A'	3 to 5 years	1	40,000.00 or 60,000.00

2	Legal Associate (Level F/G)	3 to 5 years	1	60,000.00
3	Office Assistant	Minimum 2 years	2	65,000.00 @ 32,500/-
4	Office Attendants	Minimum 2 years	4	1,00,640.00@25,160/- as per vendor rate
Total Monthly				Rs. 2,85,640.00

The estimated financial implication for engagement of additional secretarial and support staff is approx. Rs.2.85 lakh per month (Rs.34.20 lakhs per annum). The cost of manpower will be met from National Fund as provided in the section- 5(b)(i) of the CAF Act, 2016.

Decision of Executive Committee: The EC recommended for the engagement of additional manpower- secretarial and support staff for National Authority.

AGENDA ITEM NO 20.3: THE RANGE WIDE ENUMERATION OF RIVER AND ESTUARINE DOLPHIN POPULATION IN INDIA

Name of Scheme	The Range wide Enumeration of River and Estuarine Dolphin Population in India”			
Implementing Agency	Wildlife Institute of India, Dehradun			
Project Duration/Period	2.5 years			
Project Outlay	1243.22 Lakhs (12.43 crores) for 30 months (2 & half years) (2025-2027)			
	Assam, West Bengal, Madhya Pradesh, Rajasthan, Punjab, Uttar Pradesh, Bihar, Jharkhand & Odisha – Ganges, Indus River Dolphins & Irrawaddy Dolphins			
	(Rs. in Lakh)			
	Staff (Emoluments/wages for contractual & temporary staff engaged in implementing Project activities)	254.88	254.88	254.88
	Boat and Support Vehicle (hiring & fuel)	69.12	69.12	69.12
	Travelling	9.04	9.04	9.04
	Instrument	46.20	46.20	46.20
	Laboratory Work	24.00	24.00	24.00
	Workshop	13.00	13.00	13.00
	Publication	3.00	2.00	7.00
	Boarding and Lodging during the survey	54.89	54.89	54.89
	Contingency	44.11	50.75	15.15
	Total	518.24	558.29	166.70
Programme Division	Wildlife Division, MoEF&CC			
Objectives				
a) Capacity Building: To conduct workshops and training sessions on river dolphin survey techniques for Forest Department staff, and associated departments/organizations. b) Dolphin Enumeration: To conduct a comprehensive count of Ganges, Indus River dolphins and Irrawaddy dolphins and assess their habitats across India. c) Biodiversity and Habitat Monitoring: d) To monitor the status of: • Associated biodiversity within critical areas, • Habitat conditions and anthropogenic activities, • Fish and plankton abundance, • Water quality and pollution levels across the entire distribution range of the river & Irrawaddy dolphin in India. To monitor changes over time				
Outcomes and Deliverables				

- a) Enhanced Institutional Capacity: Improved technical expertise among frontline staff of the Forest Department and associated organizations through hands-on training and workshops, leading to more effective and standardized dolphin monitoring and conservation efforts.
- b) Reliable Population Estimates: Generation of synchronized, Range wide population estimates of Ganges, Indus River, and Irrawaddy dolphins in India, providing a robust scientific baseline for conservation planning, threat mitigation, and policy development.
- c) Improved Understanding of Biodiversity and Habitat Health: Comprehensive data on associated aquatic biodiversity, habitat quality, fish and plankton abundance, and human-induced pressures in dolphin habitats, contributing to ecosystem-level conservation strategies.
- d) Long-term Ecological Insights: Establishment of a long-term monitoring framework to detect ecological changes, track trends in dolphin populations and habitat conditions, and evaluate the effectiveness of conservation interventions over time.
- e) Informed Policy and Conservation Actions: Evidence-based recommendations for enhancing dolphin habitat protection, managing critical threats, and integrating dolphin conservation into broader river basin and estuarine management plans.

Decision of Executive Committee: The Executive Committee recommended the scheme with a condition that the Programme Division should ensure the compliance of the guidelines issued by National Authority vide letter no. NA-13/13/2022-NA dated 27th June 2025.
